

5KW SOLAR HYBRID INVERTER THAILAND

Single Phase / Hybrid, Off-Grid Inverter/ Low Voltage Battery; 2 MPPT; 6 time periods for battery charging/discharging; Max. charging/discharging current of 190A; Frequency droop control, Max.16pcs parallel; DC couple and AC couple to retrofit existing solar system; Support storing energy from diesel generator; 48V low voltage battery, safe and

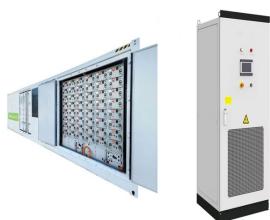

Hybrid Inverter Series is a high quality inverter which can convert solar energy to AC energy and store energy into battery. The inverter can be used to optimize self consumption, store in the battery for future use or feedin to public grid. Work mode ???

Choose the SUN 5K-SG05 hybrid inverter to maximize your self-consumption of solar energy, increase your energy independence, and enjoy an uninterrupted power supply even during grid outages. ThaiSolar Power offers reliable and efficient solutions to meet your residential and light commercial energy needs.

Model: SUN-5K-SG05LP1-EU ???
 Inverter Power: 5 KW / 1 Phase ??? Max. PV Voltage: 500 VDC ???
 Dimension: 365 x 580 x 237 mm., Weight: 24 kg ??? Protection: IP65 ???
 40 ~ 60 VDC Battery System ??? Warranty: 5 years

Read on for more info about 5kw hybrid inverter you can find in Thailand and use these with off-grid living. Not only are the inverters at the top include integrated MPPT charge controller, but also comes with intelligent battery management system and cutting-edge anti-islanding protection ensuring continued supply of electricity during grid

PV module Convert light energy into DC power and charge the battery through the all-in-one solar storage inverter, or directly invert into AC power to drive the load. 2. Mains or generator Connected at the AC input to power the load while charging the battery.

5KW Huawei Solar Inverter SUN2000-5KTL-L1 for Grid-Connection (Thailand Waranty) SUN2000-5KTL-L1 Smart Energy Center. Smarter energy for a better life. High efficiency inverter topology, Max. Efficiency 98.6Percent. Compact & light, support simple installation and instant wiring. One-click commissioning and upgrade. IP65 with natural cooling.
