

ABU DHABI ENERGY STORAGE ENTERPRISE

Will Masdar & EWEC build a solar-plus-storage project in Abu Dhabi? Masdar and Emirates Water and Electricity Co. (EWEC) plan to build a \$6 billion, 5 GW/19 GWh solar-plus-storage project in Abu Dhabi, the United Arab Emirates, with operations set to start by 2027. Emirati state-owned renewable investment company Masdar is partnering with EWEC to build a giant solar and battery energy storage (BESS) facility.

What is a gigascale solar project in Abu Dhabi? Located in Abu Dhabi, the project will feature a 5.2GW solar photovoltaic (PV) plant and a 19 gigawatt-hour (GWh) BESS, delivering up to 1GW of baseload power daily. Masdar says this gigascale project reflects the UAE's ambitions of being a global pioneer in renewable energy deployment.

Does EWEC have a large-scale solar project in Abu Dhabi? EWEC has several large-scale solar projects in the region, including the 2 GW Al Dhafra solar project in Abu Dhabi. Earlier this month, it put out a request for proposals for 1.5 GW of solar.

Will Masdar's gigascale project support the UAE Energy Strategy 2050? Launched during Abu Dhabi Sustainability Week, Masdar said that the initiative supports the UAE Energy Strategy 2050 and will go towards helping UAE fulfil the commitments made at COP28. However, Masdar has not yet mentioned when construction on the gigascale project will commence and when it will start delivering energy.

Who wants a 400 MW battery energy storage system? The Emirates Water and Electricity Co. (EWEC) has started accepting expressions of interest for a 400 MW battery energy storage system (BESS). The chosen developer will enter into a long-term agreement with the Abu Dhabi-based utility as the sole procurer.

ABU DHABI ENERGY STORAGE ENTERPRISE

Is Dubai a good place to invest in solar power? The region does boast some of the world's most ambitious solar PV projects, such as the Mohammed bin Rashid Al Maktoum Solar Park in Dubai, which has a planned 5GW generation capacity by 2030 from both solar PV and concentrated solar power (CSP).
