Can Agri-PV combine food and solar energy production on farmland? While in the past it was a question of either food or solar energy production on farmland, Agri-PV can combine both. This bold application unlocks dual use of cropland by integrating PV modules above the crops, enhancing climate resilience and allowing sustainable food and energy production on one single piece of land.

Who is Cottam solar project? Image: Island Green Power. Cottam Solar Project, being developed by Island Green Power, which has delivered 14 solar projects in the UK and Ireland, has been awarded a development consent order (DCO) by secretary of state for energy security and net zero Ed Miliband.

Will UK reach 50 gigawatts of solar capacity by 2030? It is also another welcome confirmation of the new government's support for the solar sector, in anticipation of the forthcoming Solar Roadmap, which will set the country on the path to reaching 50 gigawatts of solar capacity by 2030, said Stephen Wilding, director of business development at Solar Energy UK.

Why did Island Green Power get planning consent for Cottam? Bob Psaradellis, CEO of Island Green Power, said in a LinkedIn post: "We are delighted to receive planning consent for Cottam, which demonstrates our commitment to delivering clean, reliable, and sustainable energy by working in partnership with communities, local authorities, and key stakeholders."

How many NSIP solar farms are in the pre-application stage? A total of 24 other NSIP solar farms are in the pre-application stage, with three under examination and decisions on another two. Ecotricity's Heckington Fen and Island Green Power's West Burton project are expected in the coming weeks.

Solar installation's impact on agricultural land After signing the deal, SENS and NFUS moved to reassure landowners that the impact of solar installations would be marginal. They point out that to reach the UK's Net Zero goals, PV would only take up 0.29% of available land (and 0.51% of all available agricultural land).

British Indian Ocean Territory was the UK's 226th largest trading partner in the four quarters to the end of Q3 2020 accounting for less than 0.1% of total UK trade.¹ In 2019, the outward stock of foreign direct investment (FDI) from the UK in British Indian
