

# ATEZ SOLAR PANEL

The SPA 130A Photo Voltaic Solar Panel is a Zone 1 ATEX Ex mb e certified product. The cells of the panel are encapsulated between a tempered glass cover and are EVA pottant a?? with an aluminium polyester protected back sheet to a?|

Bei Actec-Solar bieten wir Ihnen massgeschneiderte Losungen fur Photovoltaikanlagen, die perfekt auf Ihre Bedurfnisse abgestimmt sind. Ob mit Speicher, ohne Speicher oder mit einer integrierten Ladestation fur Elektrofahrzeuge a?? wir haben die passende Losung fur Ihr Zuhause.

When it comes to powering operations in hazardous environments, safety is non-negotiable. Explosive atmospheresa??those that contain flammable gases, vapours, or mista??are particularly dangerous, and it is in these conditions that ATEX and IECEx -certified solar panels are designed to thrive. These specialised solar panels are engineered to prevent becoming a source of a?|

A solar pod consists of a solar panel, to convert solar energy into electricity, a battery pack, to store energy for use during periods of darkness or shade, and a solar control unit, which provides battery management, monitoring and protection. The control unit can also include power conversion to provide regulated AC or DC output if required.

In Kombination mit unseren Akku- sowie Lade-/Wechselrichtergeraeten bleiben Sie mit unseren Produkten auch in den entlegensten Winkeln der Erde energieautonom a?? und dank der ATEX-Zertifizierung gemass EN- und IEC-Standards selbst auf Offshore-Plattformen und in Gefahrenbereichen.

Extronic's can provide solar backup solutions certified for Zone 1/21 or  
Zone 2/22, so you can ensure that your product is cost optimised for its  
intended use. Our solar-powered solutions require little maintenance. The  
solar panels are designed to withstand harsh weather conditions and are  
built to last.
