Soluna Battery Module EOS 5K is a 48V battery solution ideal for Residential and small Commercial energy storage applications. The model is adopting by latest LiFePO4 technology with intelligent BMS integrated inbuilt blackout protection for energy security, offering a 5kWh capacity

that can be installed in parallel with up to 12 batteries enabling 60kWh of total storage.

At 408 pounds, a 13.6 kWH aPower battery is significantly heavier than comparable models. For example, at 359 pounds, LG's 14.4 kWh HBC battery is over 50 pounds lighter. It's also notable that 13.6 kWh is the only battery size offered in the Franklin Home Power system, so it's tough to build the system to a precise size. LG ESS Home 8
