

BULGARIA BATTERIES FOR RENEWABLE ENERGY

Invinity has delivered a 0.4 MWh VS3 vanadium flow battery system to a commercial customer in Sofia, Bulgaria for a solar + storage microgrid project which will provide 24/7 low-carbon power. Find out more in the case study below.

The International Energy Agency's (IEA) recent report, "Batteries and Secure Energy Transitions," highlights the critical role batteries will play in fulfilling the ambitious 2030 targets set by nearly ???
