

# BURUNDI ISLAND GREEN POWER

Where is a solar power station located in Burundi? The power station is located in the settlement of Mubuga, in the Gitega Province of Burundi, approximately 15.2 kilometres (9 mi), northeast of the city of Gitega, the political capital of that country. This power station is the first grid-connected solar project developed by an IPP in Burundi.

What power does the government have in Burundi? Executive power is exercised by the government. Legislative power is vested in both the government and the two chambers of parliament, the Senate and the National Assembly. The political landscape of Burundi has been dominated in recent years by the civil war and a long peace process and move to democracy.

Who toured Burundi's solar farm in May 2023? In May 2023, Evariste Ndayishimiye, the president of Burundi, toured the solar farm and personally gave his approval for the power station's capacity to be expanded to 15 megawatts. - b c d e Jean Marie Takouleu (26 October 2021).

How many people were hired to operate Burundi's solar power station? Another estimated 25-50 people were hired to operate the power station. In May 2023, Evariste Ndayishimiye, the president of Burundi, toured the solar farm and personally gave his approval for the power station's capacity to be expanded to 15 megawatts.

What is GigaWatt Global Burundi's Power Purchase Agreement (PPA)? A 25-year power purchase agreement (PPA) governs the sale of electricity between Gigawatt Global Burundi SA and REGIDESO. The engineering, procurement and construction (EPC) contractor was Voltalia of France, which was also awarded the operations, management and maintenance contract.
