Roof Mount DIY Solar Panel Kits. Rooftop solar panels are a great option to reduce your energy costs and environmental impact. Our selection of DIY roof mount solar panel kits offers flexible options for both grid-tied and off-grid systems. By installing solar panels directly on your roof, you can maximize your property's space.

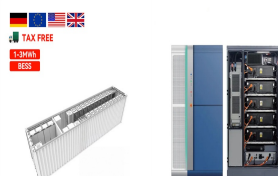

Planning to go solar with a 8-9KW grid tied system. Got quotes from a few companies in my area, one of which was Solar Wholesale, which is a DIY kit. The price difference was pretty small, less than \$1500 for the same size system between Solar Wholesale and a local company which does the install and everything, so it doesn't make sense to DIY.
