

CHIKU NEW GENERATION INTELLIGENT ENERGY STORAGE CONFERENCE

When is energy storage International Conference & Expo 2025? The 13th Energy Storage International Conference and Expo is scheduled for April 10-12, 2025, and will be held at Beijing New International Exhibition Center Phase II.

What is China energy storage Conference? Organized by the China Chemical and Physical Power Industry Association and co-hosted by the Energy Storage Application Subcommittee, China Energy Storage Network, and Digital Energy Storage Network, the event is supported by over 800 organizations.

Why should you attend the energy storage Conference? This influential gathering will feature high-level industry reports and high-end dialogues, creating a major platform for academic exchange and collaboration within the energy storage sector. The event will also place a stronger emphasis on international outreach and promotion.

How will China's 13th Five-Year Plan impact the development of new energy? In recent years, the situation of the development of new energy in China is promising. China's 13th Five-Year Plan focuses on pushing forward electric power system reform, in which the establishment of global energy interconnection will be the highlight.

The Battery and Energy Storage Conference seeks to engage scientists, engineers, and policy makers working in the fields of energy storage and conversion technologies to identify, communicate, and explore current ???
