

CHINA ENERGY STORAGE INDUSTRY DEVELOPMENT CONFERENCE

What is China International Energy Storage Conference? The China International Energy Storage Conference is a platform focusing on industrial energy storage manufacturing. Here we showcased new technologies and were very happy to see many customers coming to our booth to communicate. In the future, we will participate in the exhibition with better solutions.

When is the energy storage International Conference & Expo (Esie)? The Energy Storage International Conference and Expo (ESIE) will take place on 3 days from Thursday, 10. April to Saturday, 12. April 2025 in Beijing. 10. - 13. April 2024 07. - 09. April 2023

Why did we attend the Cesc international energy storage Conference? The CESC International Energy Storage Conference provided us with a broad communication platform, where we met many industry elites and gained a lot. The conference was well organized and the presentations were rich in content, which gave us confidence in the future of the energy storage industry.

What is the energy storage global conference 2022? Following the success of last year's hybrid event, despite the complex context of the health crisis, the conference gathered more than 350 participants and over 100 speakers from 37 countries worldwide; this year, the Energy Storage Global Conference 2022 will attract over 500 top-level energy storage professionals and policymakers.

Who sponsors the energy storage Conference 2025? As the first exhibition of the energy storage industry in 2025, this conference is sponsored by BYD and the dinner is sponsored by Sineng Electric.

CHINA ENERGY STORAGE INDUSTRY DEVELOPMENT CONFERENCE

What is China energy storage Alliance (Esie)? The fair is organized by the China Energy Storage Alliance, which plays a key role in promoting and developing the energy storage industry in China.. At the heart of the ESIE is the presentation and promotion of the latest developments in the energy storage industry.

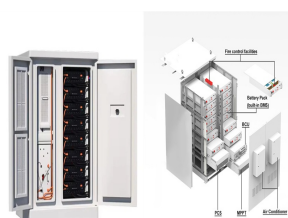

(China Energy Storage AllianceCNESA),??? ???

As a benchmark for promoting high-quality development of the energy storage industry, the China International Energy Storage Conference (CIES) has always adhered to the characteristics of ???

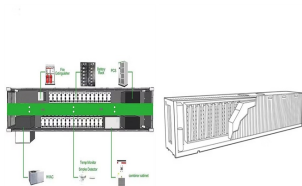

In recent years, under the care, assistance, trust, and guidance of the national industry regulatory authorities, the China Chemical and Physical Power Industry Association, as one of the high ???

It is a weathervane for the development of China's energy storage industry. As the first exhibition of the energy storage industry in 2025, this conference is sponsored by BYD and the dinner is sponsored by Sineng Electric. Nearly 200 ???
