

CHRISTMAS ISLAND SOLIS DISTRIBUTOR IN

Who makes Solis solar inverters? Established in 2005, Ginlong Technologies is one of the most experienced and largest manufacturers of solar inverters. Spanning across Europe, the United States and Australia. Presented under the brand name Solis, meaning ???Sun??? in Spanish, the Solis solar inverter range uses innovative string technology, for first-class reliability.

Is Solis a good solar system? Solis delivers reliable solar PV solutions validated by international certifications. Designed to be plug-and-play, their products are straightforward to install and offer superb value for system owners and homeowners. SolisCloud, the monitoring portal, is free for both system owners and installers. Solis also takes a truly regional approach.

Can I connect a battery storage system with a Solis inverter? This gives homeowners the choice, to connect a battery storage system at the point of initial installation or after as an upgrade. At Deege Solar we retrofit Solis AC coupled inverters with Pylontech batteries and offer a complete solar PV system pairing both Solis and British Brand Puredrive. Package Deal!

What is a Solis single-phase inverter? Solis offers a range of single-phase inverters specifically designed for residential applications, ensuring optimal energy performance. These inverters maximise solar energy utilisation, providing homeowners with efficient energy solutions for their everyday needs. The power range for the Single-Phase Inverters is from 0.7 kW to 8 kW.

Is Solis a good solar inverter? Solis even has a mini-series, perfect for smaller solar PV arrays. With all Solis inverters, you get a 5-year ???out of the box??? warranty, which can be extended by an additional 5, and advanced monitoring through this SolisCloud solution.

CHRISTMAS ISLAND SOLIS DISTRIBUTOR IN

What is the power range of a Solis solar inverter? The power range for Single-Phase Energy Storage Inverters is 3 kW to 6 kW, while for Three-Phase Energy Storage Inverters, it is from 5 kW to 50 kW. Solis produces quality solar inverters you can trust. Explore the best hybrid PV inverters and other Solis solar products from Segen.
