In some coastal areas, because of the frequent hurricanes, the strength requirements for photovoltaic brackets are very strict, which requires PV bracket manufacturers to be able to design a sufficiently strong solar bracket system. However, the increase in strength is always accompanied by an increase in cost.

Solar PV Bracket Supplier, Solar Aluminum Rail, Solar Panel Frame Manufacturers/ Suppliers - Zhejiang Chuanda New Energy Co., Ltd. Chuanda always adheres to the development concept of technological innovation, integrates the best technical resources at home and abroad, and leads the development of the industry. The company now has more

The Company is primarily engaged in the research and development, design, production and sales of photovoltaic brackets. The main products are photovoltaic tracking brackets and fixed brackets. Tracking brackets are mainly composed of three parts: structural system (rotatable bracket), drive system and control system (including communication
