NEW BREMEN, Ohio (March 19, 2019) ??? Crown Equipment Corporation, one of the world's largest material handling companies, today introduced the V-Force(R) Lithium-Ion Energy Storage System (ESS) for customers utilizing alternative energy-powered forklifts to achieve lower operational costs and enhance productivity and efficiency.

Energy storage cabinets, typically equipped with advanced battery systems, store electricity during periods of low demand or when renewable energy sources, such as solar or wind, are generating excess power. This stored energy can then be deployed during peak demand periods or when renewable generation is low. By doing so, energy storage

Crown Furniture specialises in providing high-quality TV units with storage to suit your requirements. Please browse our full collection of entertainment units online.
