## ARMENIA

Who makes Csb batteries? CSB Battery Technologies, part of Hitachi Chemical Energy Technology Co. Ltd, is a leading global manufacturer of Valve-Regulated Lead-Acid (VRLA) batteries, and our products are utilized in over 100 countries for telecommunications, UPS (Uninterrupted Power Supply), solar, wind power, emergency lighting, security and other additional applications.

Why is Csb a good battery company? Founded in 1986, CSB has evolved into an international company providing over 4 million batteries monthly. CSB's demand for producing high quality batteries is the main reason for its' growth. The wide array of CSB customers have come to know and trust the quality and reliability of its' products and services.

What are Csb batteries used for? CSB batteries were used in these devices in non-temperature-controlled conditions, off-grid, needing to provide stable power to critical instruments conducting measurements.

What is Csb battery (Guangzhou) certified by OHSAS 18000? CSB Battery (Guangzhou) certified by OHSAS 18000. CSB pledges to protect the earth, and to respect the web of life upon it, and to honor the dignity of every member of our global family. One planet, one people, one world, in harmony, with peace, justice and freedom for all.

When is Csb data center nation in Riyadh? Come join us in Riyadh on January 21st as we exhibit at Data Center Nation to see the latest innovations from CSB in the data center battery storage industry. Alex Florescu will be on hand to answer all your questions and help solve your power problems! #csbbattery #datacenter #DCNRiyadh2025
