The Dubai SCE was established in Dubai in 2009 pursuant to Dubai Law No. 19 of 2009 to, among other things, ensure effective planning for the energy sector in Dubai and to regulate rights and duties of energy service providers, including any public or private entity licensed to generate, transmit and distribute electricity to consumers.

Energy and climate-related policies have been accelerated by both state and federal governments, and for many companies the time feels right to invest in energy storage. This event gathers together investors, developers, IPPs, grid operators, policymakers, utilities, energy buyers, service providers, consultancies and technology providers under one roof.
