

# ELITE BATTERY SYSTEMS LTD JAMAICA

What is elite battery systems? ELITE BATTERY SYSTEMS. A sustainable, clean and thriving future for the planet requires a critical enabler ??? affordable battery systems. At Elite Battery Systems, our mission as a battery pack supplier is to accelerate the path to this future with a better modular battery manufacturing process and platform.

What is Elite Power Solutions? Elite Power Solutions (EPS) is a Battery Management System technology company. Since 2008, EPS has been focusing on developing proprietary battery management technologies (BMS) and integrated Lithium Ion battery systems. Elite Power Solutions is also the exclusive North American distributor for GBS LiFePO4 batteries.

Why do integrators need elite batteries? Elite batteries being modular, integrators can capitalise on their developments across their whole product range and therefore significantly improve their return on investment. Innovate to make integration of high-performance batteries possible in different applications. Combined battery pack system

What is a battery brick? Connecting these modules in series or parallel allows for batteries with a voltage ranging from 48V up to 1,000V. This << brick >> controls and optimizes battery temperature in order to improve life, safety and performance. This system can be chosen in three different configurations.
