

EMIT SOLAR GUAM

Does Guam have plans for a solar farm? Guam has announced plans for several large solar farms. The island has adopted a renewables policy that requires the reduction of fossil fuel consumption by 2020 to 20% less than the rate in 2010. Another requirement is for 5% of electricity in 2015 to be from renewables, increasing to 25% by 2035. A net metering program began in 2009.

Does emit solar offer a rent-to-own model? The rent-to-own model put forth by Emit Solar aims to ease users into ownership of home solar energy. Here, Emit Solar is offering zero upfront costs ??? no loans, deposits nor installation fees ??? and fixed, all-inclusive monthly payments from as low as RM160 with no hidden fees.

What is the emit solar booth at Ace 2024? The Emit Solar booth at ACE 2024 is the place to learn how home solar energy works, and to discover how much can potentially be saved on electricity spending with on-the-spot calculations. The rent-to-own model put forth by Emit Solar aims to ease users into ownership of home solar energy.

Does core tech solar have a legal dispute with Guam Waterworks Authority? Commissioners did raise some concerns about the award to Core Tech Solar, as affiliate company Core Tech International is currently locked in a multi-million-dollar legal battle with the Guam Waterworks Authority. GPA needs approval from the CCU, before taking the contract awards to the rate-setting Public Utilities Commission for final approval.

Why is Core Tech suing Guam? The matter is ongoing before the Superior Court of Guam. GovGuam along with GWA are suing Core Tech, in the hopes of revoking certificates of title that show the company owns the plant land. Core Tech has countersued, seeking \$220 million in back rent and damages for the property.
