

ENERCON GROUP BRITISH VIRGIN ISLANDS

Who is Enercon group? At Enercon Group, Inc. we have the knowledge and expertise to assist you in achieving a favorable bottom line and increased operational efficiencies. We have been proudly serving the petroleum and maritime industries with consulting, technical and training services around the world since 1980.

How can Enercon help your oil business? Whether you are a major oil company, ship owner /operator, oil trader or a small business owner, finding the expert services you need is essential to meeting your business objectives. At Enercon Group, Inc. we have the knowledge and expertise to assist you in achieving a favorable bottom line and increased operational efficiencies.

What services does Enercon offer? Enercon provides electrical and mechanical maintenance, project development, charging service, energy storage systems, and other services. It also offers logistics services including transportation of production materials and system components to the construction site.

Where are Enercon wind turbines made? Enercon GmbH is a wind turbine manufacturer based in Aurich, Lower Saxony, Germany. It has been the market leader in Germany since the mid-1990s. Enercon has production facilities in Germany (Aurich, Emden and Magdeburg), Brazil, India, Canada, Turkey and Portugal.

The MILTECH 9022 is a rugged, MIL-STD 1U rack-mountable Layer 2 Ethernet switch with dynamic routing supporting 12 X 10/100/1000Mbps ports and 4 X 1G/10G fiber ports. Designed for MIL-STD-810F, MIL-STD-461E, MIL-STD-1275B.

ENERCON GROUP BRITISH VIRGIN ISLANDS

The M4094 is a 3U form factor VPX DC-DC power supply that converts power from the MIL-STD-704 270Vdc bus to deliver the 12Vdc and 3.3VDC supplies required by SOSA???-aligned systems. Up to 800W output power and EMI ???

The MILTECH24FO is a small MIL-STD, fully managed military grade network switch with 24 1Gb fiber optic ports. It can be remotely managed to optimize communications and prioritize critical information traffic. Advanced network feature, include switching protocols, virtual LANS (VLANS), traffic prioritization (QoS), and bandwidth aggregation are standard.

M9516 is an 8-channel VME form factor power distribution unit, designed for airborne and ground applications. This power management solution distributes 28VDC (current is up to 200A) through overload and short-circuit protected switches. The M9538 supports CAN and RS-485 communication to control and configure the device. Complies with MIL-STD-1275, MIL-STD ???

The MILTECH 910-PoE is a rugged Power over Ethernet (PoE) switch that supports 60W of PoE on all 8 Gigabit Ethernet 10/100/1000 ports. It supports both 802.3af and 802.3at standard devices for PoE-enabled cameras, Wi-Fi access points, tactical IP phones, mesh nodes and other devices. The MILTECH 910-PoE is fully managed with advanced network features such as ???

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a ???

ENERCON GROUP BRITISH VIRGIN ISLANDS

The MILTECH 320G3UVPX is a 3U VPX Ethernet Switch with fully implemented IPMI management complies with the new VITA 46.11 Tier II. This VPX networking module Ports Slot Profiles per SOSA: 1) SLT3SWH2F24U14.4.3 24 x 10GKR + 2 x 40GKR 2) SLT3SWH6F1U7U14.4.14 SLT3SWH6F7U13.4.15 6 x 40GKR + 7/8 x 10GKR Supporting ???

The MILTECH 9126 supports 24 x 1G copper ports and 2 x SGMII interfaces for direct connection to 2 x 1G Fiber ports. Designed for complex traffic applications featuring IEEE-1588 capabilities and Synchronous Ethernet (SyncE). With dimensions of only 130x87mm including integrated PHY and magnetics/transformers, the MILTECH 9126 reduces integration risks.

The M167 AC to DC power supply is a Three Phase Input, Single Output, high efficiency, high density, military grade ruggedized AC to DC converter capable of up to 1600W output power. Features include; high efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The 115AC input range is 103 - 127VAC Line to Neutral, 400Hz.

Enercon Technologies Europe AG Military-Grade power and networking solutions ITAR & CE. We offer Mil-Grade AC DC, DC DC power supplies, VPX Vita 62, UPS, rugged switches, routers, USB HUBS, media converters and custom solutions for military applications. Our power and communication solutions designed for harsh environments and meet military standards such ???

The M4094 is a 3U form factor VPX DC-DC power supply that converts power from the MIL-STD-704 270Vdc bus to deliver the 12Vdc and 3.3VAUX supplies required by SOSA???-aligned systems. Up to 800W output power and EMI filters included. Using the new VITA 62.2 connector system, the proper clearances are provided to avert creepage issues and corona at high ???

M1012 is a military grade rugged 1.25kW/1.5kVA full double conversion on-line 1U UPS. It has internal modular design, which allows it to be easily tailored to almost any customer requirement, while delivering stable, regulated and protected output voltage for the load. Several UPS units can be connected in parallel to support higher loads (up to 6 units for 7.5kW/9kVA total), or in 3 ???

M9547 series is a 16-channel power distribution unit, designed for airborne and ground applications. It distributes 28VDC through overload and short-circuit protected switches. The M9547 series supports Ethernet communication to control, configure and ???

The M3169 is a military AC to DC power supply. This rugged converter accepts an AC input range from 85 to 265VAC, 50/60/400Hz. It provides a single DC output from 3.3V to 300V, up to 1000W with custom outputs available. The M3169 is based on the popular M169 AC to DC Power Supply for airborne, UAVs and ground mobile applications. Designed as an IP67 unit (to withstand ???

The MILTECH 1000 is a series of MIL-STD media converters that connect 10/100/100 copper to fiber. Orderable options include the use of the 100 as a powered device (PD) or power source equipment (PSE), and the number and types of Ethernet and fiber connections.

The M7019 DC to DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 100W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

Enercon Technologies Ltd is a leading designer and manufacturer of military power, PDU and rugged networking solutions for a wide variety of military applications, including avionics, UAV's, aircraft, C4ISR, electronic warfare, ground vehicles, radar arrays, missiles and anti-missile defense, surface ships, submarines and more. We offer Mil-Grade power supplies, power ???

Enercon has secured a turbine supply contract from Trungnam Group for the 400MW Ea Nam wind farm in Vietnam, due to complete next year. Trungnam Group general director Nguyen Tam Tien said: "Enercon has proven itself as a reliable partner with top quality standards. As proven in the numerous projects we have undertaken together, they have

The Maples Group's British Virgin Islands office provides full service commercial advice on matters of British Virgin Islands law to financial, institutional, business and private clients both locally and internationally, as well as specialised regulatory and compliance and entity formation and management services.

M362 is a rugged high performance 2.5KW/3KVA, 3U rackmount with recessed I/O connectors UPS. Fully compliant with MIL-STD 1399, the M362 serves in Cooperative Engagement Capability (CEC) airborne/naval radar systems, combine multiple sensors to deliver enhanced performance to deal with long ranges threats. It accepts 115/230VAC Input, distributes 115VAC and can ???

The M4012 is a rugged, highly efficient, military grade 3U VPX 28V DC to DC PSU card that provides six outputs per VITA 62 and is capable of delivering up to 350W of output power with 9-15 Joules of holdup for MIL-HDBK-704-8, LDC201 requirements. Features include: conduction cooling, reverse battery protection, internal EMI filters. The DC input range is 18-50V per MIL ???

As a British Overseas Territory, the British Virgin Islands (BVI) offers all the security and stability that is traditionally associated with the British flag. The United Kingdom is responsible for BVI's external affairs, defence, internal security and judicial system.
