

# ENGIE SOLUTIONS SEYCHELLES

What is ENGIE solutions? ENGIE Solutions provides sustainable energy and service solutions for cities, communities, industries, and properties to enable them in their Net Zero Carbon journey. At ENGIE Solutions, our ambition is to reduce our customers' greenhouse gas emissions and carbon footprint, with a target of 45 Mt of CO<sub>2</sub> eq. avoided each year by 2030.

How Engie solutions can speed up a client's energy transition? So ENGIE Solutions has made a long-term commitment to speeding up its clients' energy transition. ENGIE Solutions is a subsidiary of the ENGIE Group which, by focusing its activities on renewable energies and infrastructure, affirms its pioneering role in the energy sector while supporting all its stakeholders on their decarbonisation journey.

What is ENGIE's purpose? ENGIE's purpose (raison d'être) is to act to accelerate the transition towards a carbon-neutral economy, through reduced energy consumption and more environmentally friendly solutions.

ENGIE Solutions installed an On-Grid (Zero Export) Photo Voltaic System at this facility. The scope consisted of installing 782.62 kWp on-grid system on the sandwich panel roofs of the school campus, covering the gymnasiums and swimming pools with four point of connection to connect the PV system to the grid.
