

# EXTERNAL BATTERY STORAGE GHANA

While solar battery storage is optional, it's a wise investment if you want to be able to store your solar panel's excess energy once the sun goes down. It's not a particularly expensive addition to a solar energy system and its inclusion can save you money in the long run and even give you the ability to sell excess energy back to the grid.

The project will include 1GW of solar PV generation and 500MWh of battery storage. Huawei Digital Power and Meinerger have collaborated on previous clean energy projects in Ghana, including utility-scale PV, PV and ???
