The diagram illustrates a power system configuration. On the left, several solar panels are labeled 'PV'. A green arrow labeled 'Input' points from the PV panels to a large, grey, vertical unit labeled 'Energy Storage System'. From the top right of the ESS, a green arrow labeled 'Output' points to a smaller, grey, rectangular unit. A green line connects this unit to a distribution transformer on the right, which is shown with multiple power lines extending from it.
