

# FINLAND ENERGY STORAGE EXHIBITION

---

What is the energy storage event? Wednesday, March 19, 2025: Energy Storage Event The Energy Storage event is an international networking opportunity for energy experts, focusing on sustainable battery value chains and energy storage. Topics include battery technologies, hydrogen, gas, synthetic fuels, and heat, providing insights into the current and future energy storage market.

Why should you attend the energy event in Finland? The biennial, largest energy event in Finland brings together energy production, power transmission and storing, energy users, and environmental and circular economy and real estate decision makers under the same roof. The event will showcase sustainable, smart, productive, and modern solutions to the energy transition.

What is the main energy event of Finland? Power. Possibility. Progress. The main energy event of Finland will be arranged in October 2026 The biennial, largest energy event in Finland brings together energy production, power transmission and storing, energy users, and environmental and circular economy and real estate decision makers under the same roof.

What is the Energia trade fair? The "Energia" trade fair, held biennially in October at the Tampere Exhibition and Sport Center, is a key event in Finland's energy sector. Organized by Expomark Oy, it distinguishes itself with a focus on future energy solutions.

Where is the Energia fair? The Energia fair takes place in Tampere, at the Tampere Exhibition and Sport Center. Visit the Energia from . The Energia takes place biennially. The Energia is an exhibition for Energy, Electrical and Renewable Energy.
