Should I buy solar from freshtec energy? Do not buy solar from Freshtec Energy. No after sales assistance. Do not use the "technicians" they claim you can contact for any form of installation. They are not reliable nor have the professional knowledge they pretend to have. You will be left in the dark 100%. They buy from Segen and there is no assistance either.

Is freshtec energy a scam? Freshtec Energy Not a scam, just good business sense! I am in Cape Town and had some worries that the good prices and service was a scam, Everything, but! Prices were at least 15% cheaper and one of the pieces was 30% cheaper than anywhere. I spoke to a gentleman called Patric and he was friendly, helpful and very prompt with his service.
