

# GANFENG LITHIUM AND ENERGY STORAGE

What is ganfeng lithium? Ganfeng Lithium's business includes upstream resource extraction, midstream lithium salt processing and Lithium metal refining, downstream lithium battery production and battery waste management, etc. Our products have been applied to electric cars, energy storage, 3C products, chemical and pharmaceutical fields, etc.

What will ganfeng lithium do in the future? As the carrier of Ganfeng Lithium's lithium battery business, in the future, Ganfeng Lithium will continue to increase investment in technology, management, quality and other dimensions, taking "leading a new era of lithium battery technology innovation" as its corporate mission and contributing to the development of mankind.

How much does ganfeng lithium make a year? Public data shows that from January to September 2020, Ganfeng's lithium battery operating income reached 875,989,200 yuan, and its net profit was 39,585,500 yuan. "Committed to creating the most creative lithium battery smart new energy, and becoming the first echelon of the global lithium battery industry" is the vision of Ganfeng Lithium.

Where are ganfeng's lithium resources located? Ganfeng's lithium resources are located in several countries and regions worldwide, and we have advanced technologies for 'lithium extraction from brine', 'lithium extraction from ore', and 'lithium recycling'. Our production capacity of lithium compounds and lithium metals is among the highest in the world.

What is the battery capacity of ganfeng lienergy? The battery capacities range from mAh level to hundreds Ah level. Ganfeng LiEnergy has first-class R&D teams and advanced product R & D line, and its products have entered the supply chain of many well-known brands.

# GANFENG LITHIUM AND ENERGY STORAGE

Who makes ganfeng batteries? Dongguan Ganfeng Electronics Co.,Ltd.is the main production base of Ganfeng lithium consumer batteries,providing battery products for many well-known digital hardware manufacturers such as mobile phones,notebooks,drones,and tablets.

Ganfeng Lithium has been deeply involved in the new energy industry for more than 20 years and has always adhered to the path of sustainable development. It not only ensures that the production process is friendly to the environment and the human body, but also ensures that the products can cope with global climate change and help the global

China's leading lithium producer, Ganfeng Lithium, has announced that it has entered into a supply agreement with South Korea's Hyundai Motor. The auto firm claims that the new deal reflects the automotive industry's strategic move to secure raw material sources amid the electric vehicle (EV) revolution. We are India's leading B2B

Welcome to Ganfeng Lithium Group Co., Ltd.!? 1/4 ?A share code: 002460 | H share code: 01772? 1/4 ? Benefiting from the advancement of new energy technologies, the development of the energy storage market has entered the fast lane in recent years. Under the shadow of the greenhouse effect and limited fossil resources, many governments have used

Ganfeng Lithium Group Co., Ltd. Core Member As the world's leading lithium eco-enterprise, Ganfeng Lithium's business segments include upstream lithium resource development, midstream" lithium refineries, lithium metal smelting, downstream lithium battery manufacturing and battery recycling. Our products are widely used in EVs, energy storage systems, ???

# GANFENG LITHIUM AND ENERGY STORAGE

We are the world's third largest and China's largest lithium compounds producer and the world's largest lithium metals producer in terms of production capacity as of December 31, 2017, according to CRU. Welcome to Ganfeng Lithium Group Co., Ltd.! 1/4 ?A share code: 002460 | H share code: 01772? 1/4 ? Energy storage system. Consumer

The energy storage batteries of Ganfeng Lithium Battery are mainly produced by Jiangxi Ganfeng New Energy Technology Co., Ltd. Energy storage system products include large energy storage systems (above MW level), small energy storage systems (under MW level), uninterruptible power supplies, and microgrid trial platform energy storage systems

EVs equipped with Ganfeng's lithium salt products have traveled more than 129 billion kilometers between 2015 and 2022, equivalent to a reduction of 32.26 Mt of CO2 emissions. Clean Energy. Our lithium batteries are used in the field of energy storage, storing solar energy, wind energy, etc., to provide protection for the use of renewable

Additionally, Ganfeng Lithium's products are renowned for their high quality and reliability, reducing the risk of system failures and downtime, ensuring the stable operation of energy storage stations. Future Outlook. Ganfeng Lithium's 5MWh+ liquid-cooled energy storage system represents the future trend in the energy storage station industry.

Welcome to Ganfeng Lithium Group Co., Ltd.! 1/4 ?A share code: 002460 | H share code: 01772? 1/4 ? Provide energy storage equipment for solar, wind and other clean energy. Clean energy storage. Learn more. Battery solution provider for mobile phones, headsets, sweeping robots and other consumer electronic devices. The wisdom of life.

# GANFENG LITHIUM AND ENERGY STORAGE

Ganfeng has applied the energy storage equipment to solar energy and wind power generation to replace the limited fossil fuel with renewable clean energy. From electric vehicles, aircraft shells, tires, to 5G mobile phones, wireless headphones, and lipid-lowering drugs, lithium resources are deeply integrated with daily life, contributing value

As the world's leading lithium eco-enterprise, Ganfeng Lithium's business segments cover from upstream "lithium resource development", midstream" lithium refinery and lithium metal smelting", to downstream" lithium battery manufacturing and battery recycling". Our products are widely used in EVs, energy storage systems, 3C products

Ganfeng is using its own energy storage equipment to produce solar and wind power thus replacing non-renewable fossil fuels with renewable clean energy. From electric vehicles, aircraft casings, tires and 5G mobile phones, to wireless sound devices and lipid-lowering medicines, lithium resources are being increasingly integrated into daily life

(Ganfeng) produced 15,000t of lithium carbonate, 27,000t of lithium hydroxide and 1,600t of lithium metal in 2020, with plans to more than double its lithium hydroxide output in 2021.

Ganfeng LiEnergy is a subsidiary of Ganfeng Lithium, an A+H share listed company (A? 1/4 ?002460,H? 1/4 ?01772). With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced technologies, becoming a pioneer and a leader ???

In addition, Ganfeng Lithium Power also has a power and energy storage battery PACK base in Jiangsu. "at present, Ganfeng lithium battery products have been used in more than 20 application scenarios, such as electric passenger cars, electric buses, airport equipment, electric ships, rail transit, electric forklifts, electronic communications

Welcome to Ganfeng Lithium Group Co., Ltd.!? 1/4 ?A share code: 002460 | H share code: 01772? 1/4 ? Since the 1990s, with the continuous advancement of chips and energy storage technology, consumer electronic devices such as mobile phones, headsets, computers, and smart homes have risen rapidly.

In terms of battery production capacity, to date, Ganfeng Lithium Battery has launched battery projects in Ningbo, Suzhou, Xinyu, Fuling, Dongguan, Hohhot, and Xiangyang, with a total planned capacity of 144GWh for power and energy storage batteries, including semi-solid-state cells.

Ganfeng Lithium (HKG: 1772) is principally engaged in the research, development, production and sales of deeply processed lithium products. Use the CB Insights Platform to explore Ganfeng Lithium's full profile. Ganfeng Lithium is included in 1 Expert Collection, including Energy Storage. E. Energy Storage. 5,352 items.

Ganfeng LiEnergy is a subsidiary of Ganfeng Lithium, an A+H share listed. Our products include solid state batteries, consumer batteries, small polymer batteries, power batteries, and energy storage systems, covering more than 20 specific types under these 5 categories. The battery ???

Our products are widely used in EVs, energy storage systems, 3C products, chemicals and pharmaceuticals, etc. Ganfeng's lithium resources are located in several countries and regions worldwide, and we have advanced technologies for "lithium extraction from brine", "lithium
