

GERMAN ENERGY STORAGE COMPANY

SONNEN WEBSITE

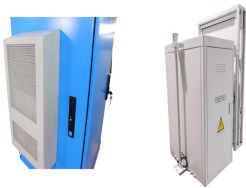

Who is sonnen GmbH? Sonnen GmbH is a German company focused on advancing the global energy transition through smart energy storage technologies. The company's sonnenVPP (Virtual Power Plant) enables community members to share clean energy and stabilize energy networks around the world by connecting thousands of residential batteries.

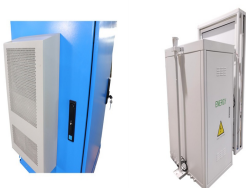

Where is Sonnen located? sonnen is one of the world's leading manufacturers of intelligent energy storage systems and an innovative energy service provider. The corporate headquarters are in Germany, with offices in Wildpoldsried and Berlin. In Europe, we have additional offices in Italy and in the United Kingdom.

Is Sonnen a 'storage technology' brand? In 2021, sonnen was once again one of the top PV brands in the "storage technology" category. The award is presented annually by the market research firm EuPD Research and is based on a survey of solar installers in Germany, Austria and Switzerland.

Is Sonnen the most innovative energy company in Germany? The business magazine 'brand eins' and Statista placed sonnen among the most innovative energy companies in Germany. In the "Energy and Environment" category, sonnen was the only entrant to receive the highest rating among companies with 250 to 1,000 employees. How can we help you further?

Does the sonnenBatterie store energy? The sonnenBatterie not only stores energy, it's smart. As an intelligent, backup-capable, energy storage system the sonnenBatterie can integrate into any existing PV system on the market. Gain your energy independence now and hedge yourself against future energy price increases. Your key benefits. Lower your electricity bills.
