

GUERNSEY PHELAN ENERGY

Who is Guernsey energy? From tailored payment plans and energy efficiency advice to priority callouts and safety checks, we're here to make things easier for you if we can. (C) 2024 Guernsey Energy, a trading name of Guernsey Gas Ltd, a member of the Islands Energy Group. We've been providing energy solutions to the Channel Islands for almost 200 years.

Will gas be a part of Guernsey's net zero future? Gas will continue to have a place in the energy mix as it is vital for the success of our island's energy transition - and we plan to be a big part of Guernsey's Net Zero future so we can continue to provide energy for every generation. Guernsey Energy has been providing energy for every generation for almost 200 years.

Does Guernsey have electricity? The cable connection to France provides most of the electric energy sold in Guernsey, but the power station still needs to maintain sufficient capacity to generate power should the cable fail. There are eight oil-fired diesel engines and three oil-fired gas turbines.

What is Guernsey Electricity's long-term strategy? Guernsey Electricity's long-term strategy is for an energy system that supports renewables and reduces the reliance on fossil fuels to use the power station for emergency generation only. See for yourself the challenging road ahead. How should we meet increased demand? In September 2023 The States of Guernsey agreed the Electricity Strategy.

Will Guernsey gas prices rise 10% from 1 January? Guernsey Energy says the price of wholesale gas has been hit by world events. Island gas prices will rise by 10% from 1 January, Guernsey Energy has announced. The island's sole gas supplier said that for an average household, it would mean an increase of approximately £9.37 per month.

GUERNSEY PHELAN ENERGY

Does Guernsey energy offer support? Guernsey Energy Managing Director, Darryl Goddard, said support is available for customers. "Energy markets are subject to a variety of complex influences which impact our supply chain and keep the cost of services that are crucial to the supply of gas high," said Mr Goddard.

Guernsey Electricity Limited (GE) is the sole commercial electricity supplier on the island of Guernsey. GE has been operating for over 100 years, moving from local generation of power from coal, and later oil, to investing in cables to connect into the grids in Jersey and France through the Channel Islands Electricity Grid.
