

HENGTONG ENERGY STORAGE HONIARA

Hengtong signed an energy storage project investment agreement with the government of Sheyang, Yancheng city, on November 18, at the opening ceremony of the 4th China-South Korea Trade and

Hengtong Residential Energy Storage System is a new hybrid energy storage system based on lithium iron phosphate batteries and equipped with a customized battery management system (BMS). The battery cells have a cycle life of up to 6,000 cycles, so you don't have to worry about power outages and can enjoy green energy for many years

SUZHOU, China, June 22, 2020 /PRNewswire/ -- An 8MWh energy storage project contracted by Jiangsu Hengtong Energy Storage Technology Co., Ltd. succeeded in reverse power transmission and was

?>>? An 8MWh energy storage project contracted by Jiangsu Hengtong Energy Storage Technology Co., Ltd. succeeded in reverse power transmission and was successfully connected to the grid at the first attempt. As one of the core technologies of new energy industry revolution, energy storage technology applies devices or physical media to store

Hengtong provides system integration solution services in the fields of intelligent buildings, rail transport, new energy vehicles, wind power, oil and gas, energy storage and charging, etc. By promoting the connectivity, security and reliability of the wind-solar-storage-charging new type grid, Hengtong forges itself to be a global service

An 8MWh energy storage project contracted by Jiangsu Hengtong Energy Storage Technology succeeded in reverse power transmission and was successfully connected to the grid on the first attempt.

The 48V100Ah intelligent lithium battery, developed and produced by Hengtong Energy Storage Technology Co., Ltd., is primarily utilized in telecommunication base stations as a backup power source to guarantee the stable operation of communication equipment. This product incorporates a DC/DC module, allowing it to be used alongside batteries of

Hengtong attended and exhibited at the All Energy 2023 tradeshow, held in Melbourne at the MCEC on the 25 th and 26 th of October. It was a great event attended by a range of contractors and suppliers alike. With a full range of power cable products displayed, Hengtong introduced its solutions and options available to the renewable energy space.

In order to further strengthen and enhance the leading position of Alpha ESS Nantong Co., Ltd. (hereinafter referred to as AlphaESS) in the energy storage industry chain, on April 25, 2019, the company and Jiangsu Hengtong High-voltage Cable Co., Ltd. (hereinafter referred to as Hengtong High Pressure) signed a collaboration agreement and jointly
