

HOW TO FIX THE INSURANCE OF SOLAR PHOTOVOLTAIC PANELS

What is solar panel insurance? Solar panel insurance is cover that protects you from the financial blow of your system getting stolen, damaged, or destroyed in numerous specific ways. If you successfully claim on solar panel insurance, you will get a payout to help you to repair or replace your system.

Will my insurance cover a photovoltaic system? Contact your insurer and ask whether your policy includes a photovoltaic system, preferably before you have the panels installed. Even if you're absolutely sure you'll be covered, you still need to notify your insurer.

Does a solar insurance policy cover accidental damage? While standard policies may cover various risks, they might not include accidental damage to solar panels. To safeguard against such incidents, accidental damage cover can be added to your policy for an additional fee, providing extra protection for your solar panels.

Does homeowners insurance cover solar panels? Usually, homeowner's solar insurance packages cover all types of solar panels: monocrystalline, polycrystalline PV, or thin film solar panels. The insurance protects your solar rooftop against common risks, such as fire, hail, lightning, storm damage, or theft. The claim limit for solar panel coverage varies depending on the policy.

Will solar panels affect my home insurance? When you decide to install solar panels, it's imperative to inform your home insurer about the change. Solar panels can affect the rebuild value of your home, which is a critical factor in your insurance coverage. Your insurer can then advise you on any changes to the cost of your policy as a result of the installation.
