

# IREX SOLAR LIECHTENSTEIN

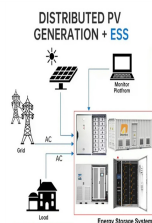

Who is iRex solar? IREX is currently the leading Vietnamese company to provide international-standard PV modules and solar cells, trusted by both domestic and worldwide partners. IREX was established in 2012 and inherited the foundation of 45 years of research and development.

Who is the parent company of IREX Energy Corporation? 2006: The SolarBK Solar Energy Investment and Development Co., Ltd.??? The parent company of IREX Energy Corporation was officially established to release the laboratory products into the market. IREX offers various solutions according to each particular customer as well as their different demands and purposes.

What is iRex & solarbk? The application of this international standard has shown IREX as well as SolarBK???s great focus on the path of ???greening??? the world. In addition to the activities of spreading clean energy around the globe, environment protection from inner businesses??? production and operation activities are prioritized by IREX.

How IREX protects the environment? In addition to the activities of spreading clean energy around the globe, environment protection from inner businesses??? production and operation activities are prioritized by IREX. Solar panel (Photovoltaic ??? PV) consists of many solar cells, works on the photoelectric effect principle. IREX owned a 500 MWp factory.

Why should you choose IREX solar panels? ISO 9001 is internationally well accepted. It is recognized in more than 160 countries and is the obvious choice for any organization involved in international business or committed to quality. This certification is a proving point of management and manufacturing quality; thus all of IREX???s solar panels will always satisfy clients and users.

# IREX SOLAR LIECHTENSTEIN

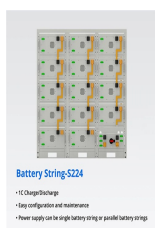

Why should you choose IREX? IREX offers various solutions according to each particular customer as well as their different demands and purposes. With electricity pricing support policy from government, households can not only save cost, but they also can sell electricity as a long-term investment.

wurde die <<Genossenschaft zur Nutzung der Sonne>> in Liechtenstein gegr?ndet. Die Liechtensteinische Gesellschaft f?r Umweltschutz LGU hatte zur Gr?ndung eingeladen und im Vorfeld verschiedene Abkl?rungen wie m?gliche Standorte f?r Anlagen, Beitr?ge der ?ffentlichen Hand etc. vorgenommen.

The leading renewable energy solutions provider in Vietnam, SolarBK, has just received a licence to develop a 4.4-megawatt peak solar farm in Danang, acting not only as the project owner, but also the first Vietnamese engineering, procurement, and construction firm for a solar project. Located on a 6.7-hectare plot in Lien Chieu district, SolarBK's solar farm project is expected to ???

SMART A convenient USB connector, connects to the most common charging cables. Self-identification and faster-charging capability. SAFETY PV modules and electronic/charging circuits are protected by insulating and waterproof covers. The battery inside helps the current and output voltage to be stable, without damaging the device. CONVENIENCE PV module and ???

IREX is a member of Bach Khoa Solar Group (SolarBK) which was established in 2012. Inheriting more than 45 years of research foundation and in-depth investment, IREX is currently one of the leading Vietnamese companies providing green energy products with international-standard. With a well-trained R& D team, IREX has successfully researched and
