Will Italian electricity TSO Terna participate in MACSE tender? Italian electricity TSO Terna has received more than 100 GW of requests to participate in the energy storage auction it is planning before summer 2025. The first phase of the MACSE tender is expected to be the biggest battery procurement exercise held in Europe by that point.

Will Italy overtake the UK in energy storage in 2024? Europe's battery energy storage system market, long dominated by the UK, is set to welcome a new leadership contender in 2024. Italy's transmission system operator, Terna, is planning to launch a new tender process that experts say could see Italy overtaking Britain on energy storage by 2030.

How will MACSE change energy storage requirements in Italy? There are stark differences in energy storage requirements across Italy and MACSE procurement targets will adapt to these zonal needs. Most of the new utility-scale storage capacity catalyzed by MACSE will be needed in Southern Italy and the islands, with 16.8 GWh in the South, 13.6 GWh in Sicily, and 10.4 GWh in Sardinia.

Will Italian electricity grid Terna participate in the 131 GW market? Get involved in the 131 GW market for renewables by 2030! Italian Electricity Grid Terna has recorded more than 100 GW of requests to participate in the energy storage auction scheduled before summer 2025.

ITALIAN ENERGY STORAGE TENDER

Is MACSE a risk-averse investment in Italian energy storage? From ESS News 2025 is set to see rapid growth in investment in the Italian energy storage sector, led by battery energy storage systems (BESS), with the implementation of MACSE. The eagerly anticipated procurement exercise will offer a stable, predictable premium over 15 years, making it particularly attractive for risk-averse investors.

The company said it has received bids for a total of 1,327 MW, equal to six times the requested capacity of 230 MW. It awarded 118.2 MW in the Central North at a weighted average price of about EUR 23,500 (USD 28,587) a?

In June this year, Italian energy storage system company Energy S.p.A. signed a preliminary agreement to purchase 90 per cent of the share capital of MACSE tender targets will "adapt to the zonal need for storage" a?

The first Energy Storage Capacity Procurement Mechanism (MACSE) auction will be launched on September 30. Francesco Del Pizzo, president for grid development strategies and dispatching at the Terna Group, a?

Italian electricity TSO Terna has received more than 100 GW of requests to participate in the energy storage auction it is planning before summer 2025. The first phase of the MACSE tender is expected to be the biggest a?
