

KMW ENERGY BOLIVIA

Who is KMW energy? WELCOME TO KMW. Welcome to KMW Energy. KMW Energy Group. is a leading manufacturer of biomass combustion systems boilers and heaters with over 70 years experience. KMW's proprietary reciprocating grate combustion system is the industries most proven, reliable, cost effective solution to converting biomass and waste derived fuel into energy.

What can KMW do for You? KMW custom designs and fabricates complete biomass boiler systems including fuel handling, combustion system, heat recovery boiler, emission control and control systems. KMW also supplies complete CHP plants including steam turbines, ORC turbines, condensers and cooling systems.

Who is KMW? Founded in 1947 and operating as an independent Canadian company since 1987 KMW has unrivaled experience and history in the biomass boiler industry. With 70 years of experience engineering, manufacturing and supplying biomass combustion systems and boilers, KMW can take any project from concept to completion.

Is KMW a good company? From consulting, to system design and supply, to development, KMW has over 35 years as the world leader in biomass. This company also provides solutions for other industrial applications. Founded in 1947 and operating as an independent Canadian company since 1987 KMW has unrivaled experience and history in the biomass boiler industry.

What is a KMW modular boiler? The KMW modular design includes shop built combustor and package boilers, greatly reducing the cost and complexity of your boiler project. KMW has extensive experience supplying boiler systems to sawmills, hospitals, schools, pulp and paper mills, power utility plants, cogeneration facilities, district heating systems and greenhouses.

KMW ENERGY BOLIVIA

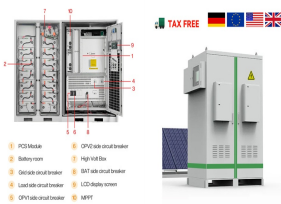

What types of boilers does KMW offer? KMW also supplies complete CHP plants including steam turbines, ORC turbines, condensers and cooling systems. The KMW modular design includes shop built combustor and package boilers, greatly reducing the cost and complexity of your boiler project.
