

KRAFTFELD ENERGY MAURITANIA

What makes kraftfeld a great solar company? The ability to take a solar project from start to operation is our greatest asset today. Since 2009 Kraftfeld has built the expertise and networks necessary to develop, execute and operate solar parks. Today this is the basis for the successful expansion of our own portfolio.

Where are kraftfeld solar farms located? Kraftfeld started a pipeline of large solar farms in Hungary, Romania and Austria in 2019. The company now has several hundred megawatts under development in these core markets. Kraftfeld has offices in Vienna, Budapest, and Bucharest. An in-house trading team sells the power produced by its assets via PPAs and on the spot market.

Who is kraftfeld? Passionate. Kraftfeld was founded in 2009 as Pressburg Partners. The company has developed and operated solar farms in six European countries. During this time it has acted as developer, operator and investor. Kraftfeld's track record includes projects with an investment volume for the period of more than 300 million Euros.

Who is Florian from kraftfeld & what does he do? Florian focuses project development and legal matters. As a co-founder he has been with Kraftfeld since 2009. He started his career advising international energy companies on their expansion in CEE. He built up his expertise in renewable energy while working at an energy investment firm.

Can Mauritania generate low-cost electricity and hydrogen through electrolysis? Renewable Energy Opportunities for Mauritania finds that the country could deploy these resources at scale to generate low-cost renewable electricity and hydrogen through electrolysis.

KRAFTFELD ENERGY MAURITANIA

Can Mauritania export hydrogen? The report outlines three possible pathways for Mauritania to export renewable hydrogen: shipping hydrogen to global markets in the form of ammonia; coupling existing iron ore mining with renewable hydrogen to produce higher-value direct reduced iron for export; and transporting hydrogen to Europe through a pipeline connecting Mauritania to Spain.

Grid connection manager at Kraffteld Energy ? Facilitate Grid Connection process for large-scale solar power plants and BESS in Romania
Completed Turnkey projects related to erection of OHLs and Power Substations (20kV up ???

Mauritania boasts a strategic geographic location, spanning over one million square kilometers with a 754-kilometer coastline. Despite its predominantly arid desert landscape, Mauritania possesses a wealth of renewable energy ???
