

LATEST HAITI ENERGY STORAGE POLICY DOCUMENT

Why is Haiti struggling to modernise its energy sector? Haiti's recent battles to modernise its energy sector serve as a stark lesson for how fraught the business of energy transition can be. In the wake of the scandal, the struggle to provide Haiti's 11 million people with reliable energy and the desire to attract foreign investment to do so has taken on an evermore politically charged hue.

Can private investment help solve Haiti's energy crisis? We have had this energy crisis for a long time, more than 20 years, says Evenson Calixte, managing director of Haiti's Autorit  Nationale de R gulation du Secteur de l'Energie (ANARSE), the nation's energy regulatory authority. And we believe that one element that can help reform this sector is private investment.

Does Haiti's Mose need energy? For Haiti's Mose, who has made the provision of energy nationwide the cornerstone of his presidency, the promise has taken on added urgency as the nation approaches general elections slated for 2021.

Bureau of Mines and Energy Electricity of Haiti (With the technical assistance of the International Atomic Energy Agency) Haiti Energy Sector Development Plan 2007 - 2017 * This document was prepared by Ministry for Public Works, Transportation and Communications - Bureau of Mines and Energy, and Electricity of Haiti.

Haiti Sustainable Energy Roadmap: Harnessing Domestic Energy Resources to Build a Reliable, Affordable, and Climate-Compatible Electricity System Worldwatch Institute on November
