M5000 Noiseless Solar Generator This new photovoltaic energy storage system integrated with LiFePO4 and BMS, is widely used in residential energy storage, backup power supply for emergency and outdoor work, etc. With the Marstek app, you can monitor solar energy in real-time. Set your preferences to optimize for energy independence, outage

A new photovoltaic energy storage system based on LiFePO4 battery,integrated battery management system (BMS) and inverter system is widely used in residential energy storage, emergency disaster relief power supply, backup power supply of important load, etc.
