

# NATIONAL SUBSIDY POLICY DOCUMENT FOR ENERGY STORAGE POWER STATIONS

When did China release its first guiding-policy for energy storage? On October 11,2017,China released its first national-level guiding-policy document covering energy storage.

Will energy storage change the development layout of new energy? The deployment of energy storage will change the development layout of new energy. This paper expounds the policy requirements for the allocation of energy storage,and proposes two economic calculation models for energy storage allocation based on the levelized cost of electricity and the on-grid electricity price in the operating area.

Will energy storage grow by 2020? According to CNESA's 2017 white paper,electrochemical energy storage installed capacity is expected to grow to 2 GW by 2020,while molten salt and compressed air storage are expected to reach 1.8 GW and 148 MW,respectively. Increased policy support for energy storage will ensure these predictions become reality.

The financial subsidy for energy storage power stations varies significantly based on location, technology, and governmental policy,2. In many regions, subsidies can range from ???

On December 19, the Government of the Inner Mongolia Autonomous Region issued several policies (2022-2025) supporting the development of new energy storage technologies. These policies will support ???

# NATIONAL SUBSIDY POLICY DOCUMENT FOR ENERGY STORAGE POWER STATIONS
