BOS Balance of Storage Systems AG. The BOS battery S is a Lithium power storage with unmatched compatibility in recreational vehicles, homes storages and other applications with voltages of 12V, 24V, 36V or 48V. The 1kWh modules were engineered and made in Germany with a focus on sustainability and longevity. The company's second life

Die BOS Balance of Storage Systems AG ist ein deutscher Hersteller von Energiespeichersystemen mit Sitz in Neu-Ulm. CEO und Mitgr?nder der Firma ist Benjamin Seckinger. Mit ca. 20 Mitarbeitern

The BOS system one provides a plug-and-play solution for achieving energy independence with renewable energy from solar panels. The system seamlessly integrate solar power, diesel power, utility grid, and lithium energy storage to provide European grid-like quality.

Nigeria is a top agricultural producer but loses 40-60% of produce post-harvest. The lack of cold storage infrastructure and an unreliable power grid exacerbate food wastage, impacting smallholder farmers. Solar-powered cold storage systems can address these issues by using renewable energy to preserve perishables.
