

NORTH KOREA THORNOVA SOLAR

What happened to thornova solar? With this in mind, we have decided to move past the Sunova Solar brand and continue our future as Thornova Solar. Our latest high-density PV panels stand for exceptional electricity production and are used in applications ranging from floating solar systems to lowlands and alpine altitudes.

Is Sunova solar a subsidiary of thornova solar? Chinese photovoltaic and energy storage solutions supplier Sunova Solar Technology Co Ltd announced on Thursday that it will unite with Thornova Solar, its sister brand used in North America and Mexico, and move forward with a new name. Who is thornova solar? Thornova Solar, based on the Norse pantheon hero Thor, represents perfectly the company values and is hence a valued namesake. As the ever-growing, innovative and expanding company that we are, we will standardise our branding globally, reflecting our core values in our brand name.

Why are Sunova solar & thornova solar co-existing? In the coming months, our two brands ???Sunova Solar and Thornova Solar??? will co-exist in our corporate communications as a reminder of our origins, an expression of our development, and a confirmation of our commitment to our customers to provide the on-going best technical support.

Will thornova solar continue to provide technical support? For time being until we do the full transition to Thornova Solar, you will receive official quotations and invoiced under the Sunova Solar brand. We will continue to provide the best technical support for your purchased Sunova Solar, co-branded and later Thornova Solar products.
