

NORTH ASIA ENERGY STORAGE ASSOCIATION

Why is China launching a national energy storage Industry Innovation Alliance? [Photo/China News Service]China came up with a national energy storage industry innovation alliance on Monday aiming to further boost the country's energy storage sector,as the country aims to promote large-scale use of energy storage technologies at lower costs to back up the world's biggest fleet of wind and solar power plants.

What is the Energy Storage Association? The Energy Storage Association is an organization that aims to enable participation of front-of-the-meter resources,behind-the-meter exporting resources,and heterogeneous groups of resourcesin distributed energy resource aggregations.

How will Cnesa support the energy storage industry? Over these past ten years,CNESA has earned support,care,and direction from many leading industry experts and companies. Over the next ten years,CNESA will continue to work together with our industry colleagues to support the continued growth of the energy storage industry. 1. Global Energy Storage Market Growth in 2019

What does the energy storage industry White Paper mean for Cnesa? In discussing the growth of energy storage over the past ten years,CNESA Secretary General Liu Wei expressed warmly,???ten years of the Energy Storage Industry White Paper represents ten years of industry development,and ten years of CNESA growth from ???zero to one.??????

Where is China's new energy storage capacity distributed? In 2019,China???'s new operational electrochemical energy storage capacity was distributed primarily in 28 provinces and cities(including Hong Kong,Macau,and Taiwan regions). The ten regions with the largest increases in new capacity were Guangdong,Jiangsu,Hunan,Xinjiang,Qinghai,Beijing,Anhui,Shanxi,Zhejiang
