What has me really debating getting a cabinet is that I'm considering going off-brand for battery replacements/upgrades. If a \$150 steel cabinet gives me peace of mind that my house won't burn down, then the ROI on off-brand batteries starts to make a ton of sense.

Prevent battery fires with Batteryguard battery cabinets More and more insurers want companies to reduce the risk of a battery fire. If a lithium-ion battery from an e-bike or power tool does begin to burn, a fierce fire can develop that is almost impossible to put out. The battery can even explode. Nationale-Nederlanden takes action
