CC Power selected a second 8-hour duration lithium-ion BESS project for a contract in March 2022, a 50MW/400MWh asset in development by Onward Energy with an expected commissioning date in 2025, ahead of the Tumbleweed project.

ONWARD ENERGY FRENCH SOUTHERN TERRITORIES

CDP Choline CDP Choline is a naturally occurring, water soluble, biological compound that is an intermediate for the synthesis of phosphatidylcholine, a major constituent of brain tissue. It readily passes through the blood-brain barrier (BBB) directly into the brain tissue to activate the synthesis of critical components in cell-membranes and may improve learning and memory performance.*
