

OUTDOOR ENERGY STORAGE AUTOMATIC PRODUCTION LINE

We offer modular and flexible solutions to cover many fields, such as energy storage systems of research and development machines, as well as complete assembly lines for module and battery pack production. We are able to supply ???

BM-Rosendahl is a global leader in providing advanced manufacturing solutions for the battery industry, specializing in lithium-ion battery production lines tailored for energy storage systems (ESS). Our expertise ???

Our product portfolio starts after cell production and covers module and pack assembly for lithium-ion or sodium-ion batteries. We are developing, constructing and building customized manufacturing solutions for transportation battery and ???

The equipment has the advantages of automatic intelligent assembly and production from prismatic aluminum shell cell to module and then to PACK box, improving product quality consistency and automation level, reducing manual ???

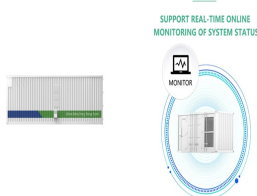

In November 2014, the State Council of China issued the Strategic Action Plan for energy development (2014???2020), confirming energy storage as one of the 9 key innovation ???
