

# OVERSEAS AGENT FOR ESTONIA ENERGY STORAGE POWER STATION

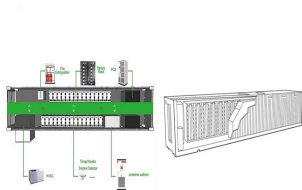

How much money has Estonia provided for energy storage projects? A state agency in Estonia has provided ???5.2 million (US\$5.7 million) in grants for 10 energy storage projects, including a 4MW/8MWh battery storage project from utility Eesti Energia. The state-funded Environmental Investment Centre announced the grant funding for the ten projects being developed by six companies today (28 June).

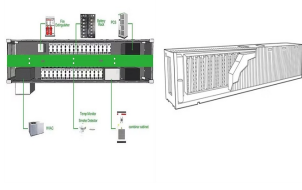

Why is Estonia building a Battery Park? Estonia has initiated construction of what will be the largest battery park in Europe that will significantly contribute to the synchronization of the Baltic power grids with Europe by 2025: this project of Evecon, Corsica Sole and Mirova will enhance the energy security and will boost renewables in Estonia.

Who is Eesti Energia? Eesti Energia is a state-owned utility operating in Estonia but also abroad. Image: Eesti Energia. A state agency in Estonia has provided ???5.2 million (US\$5.7 million) in grants for 10 energy storage projects, including a 4MW/8MWh battery storage project from utility Eesti Energia.

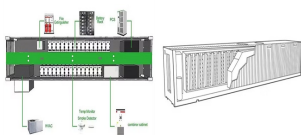

What are Estonia's networking opportunities? Our networking opportunities have been described as second to none by industry professionals. Estonia has provided ???5.2 million in grants for energy storage projects, including an 8MWh battery storage unit from Eesti Energia.

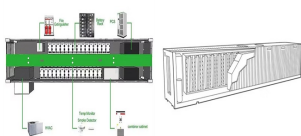

Will Estonia & Latvia re-integrate their electricity networks with Europe by 2025? The project, aimed at preparing Estonia, Latvia and Lithuania to integrate their electricity networks with European ones by 2025 and thus shaking off their reliance on the Russian grid. Planned battery storage park of 200 MW and 400 MWh of storage capacity equivalent to 90 000 households??? energy.
