

SHV ENERGY PUERTO RICO

Who is SHV Energy? SHV Energy provides decentralised, cleaner and lower-carbon energy solutions to 26 million business and residential customers around the world. We achieve that with the support of our 13,000 employees and our operations located in 25 countries across 4 continents. At SHV Energy, what we do is driven by our vision.

Why should I partner with SHV Energy? We would love for you to partner with us. SHV Energy is a leading global distributor of off-grid energy, such as LPG and LNG, and is active in sustainable fuels and renewable energy solutions. If you are interested in a product or solution in your local market, please refer to our global map.

How much money does Puerto Rico have to pay for solar? Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

How did SHV Energy achieve the full potential of its LPG portfolio? In 2023, SHV Energy calibrated its strategy in order to reach the full potential of its LPG portfolio. A more tailored approach was implemented, clustering countries into different operating models based on their specific market characteristics and potential.

What is SHV Energy doing with DCC Energy? SHV Energy and Ireland-based DCC Energy announced today that they will collaborate to promote the development of renewable liquid gas. Embracing digital tools and innovation in the pursuit of enhanced customer service and operational efficiency experience is a key focus for SHV Energy.

What is SHV Energy doing to promote a more inclusive culture? As such, SHV Energy continues to promote an inclusive culture and is investing in developing core capabilities within the organisation to be better prepared to drive growth within the energy transition.
