

# SOLAR EDGE BACKUP BOUVET ISLAND

Stockez l'énergie solaire. Les onduleurs SolarEdge Home permettent un taux de surdimensionnement DC allant jusqu'à 200%. Une batterie SolarEdge Home constitue une solution de stockage idéale pour recueillir et utiliser toute cette énergie excédentaire, y compris en cas de panne de réseau pour les configurations backup\*.

SolarEdge's StorEdge DC coupled storage solution automatically provides homeowners with backup power in case of grid interruption, and allows home owners to maximize self-consumption for maximum energy independence. Unused PV power is stored in a battery and used during a power outage or when PV production is insufficient.

A SolarEdge desenvolveu Otimizadores de Potência que se conectam a cada módulo e maximizam a potência de cada módulo, transformando-os em módulos inteligentes. Como parte desta solução, os sistemas SolarEdge possuem um MPPT

Wanneer je de Backup Interface combineert met de SolarEdge Home Hub omvormers en SolarEdge Home Accu's, kun je huiseigenaren in het geval van een stroomstoring voorzien van noodstroom. Snellere installaties dankzij de geïntegreerde SolarEdge-meetoplossing die bedrading en installatiefouten vermindert

Las soluciones de almacenamiento de SolarEdge le permiten aumentar su independencia energética y reducir sus facturas. Más información. Particulares; Empresas. Aplicaciones industriales Instaladas junto a nuestra interfaz de backup, proporcionan la energía necesaria si falla la red eléctrica. Baterías SolarEdge Home.

The SolarEdge inverter warranty is extendable to 20 or 25 years, depending on inverter model. We manage a rapid RMA process and generally ship a replacement unit within 48 hours, if the reported defect is eligible for coverage under the Limited Product Warranty. The warranty

Maximize Backup Time with Weather Guard. Designed exclusively for SolarEdge system owners with home battery backup, our new Weather Guard feature can be found in the mySolarEdge app. When enabled, it detects severe weather and is designed to automatically charge your battery to full capacity before the grid goes down, so you can stay on longer.

Legen Sie fest, welche Verbraucher bei Netzausfällen priorisiert werden sollen. Über den SolarEdge Home Schaltkontakt können Sie gegebenenfalls Geräte von der Backup-Versorgung ausschließen, damit die Energie in Ihrer Batterie länger ausreicht. Dieser Modus ist nur für Hausbesitzer mit einer Batterie und einem Backup-Interface verfügbar.

Paired with the SolarEdge Home Backup Interface, you can achieve full or partial home backup, ensuring a reliable power supply during grid outages. This system is designed to provide peace of mind and continuous energy supply, even in unexpected situations. Browse our solar home battery and backup products and learn more below.
