SOLAR GENERATOR FOR HOME USE AND PORTABLE

Here's our recommendation: if you plan to use the solar generator very often, a LiFePO4 solar generator will have a longer lifespan. But if you only plan to use the solar generator occasionally (e.g. camping a couple times a month and occasional home backup), then a Li-ion NMC solar generator will also last a long time.

For larger houses, a whole home solar generator will better suit your needs. If you live alone, you can probably get away with a smaller solar generator, such as the EcoFlow DELTA Pro + 400W portable solar panel. A single EcoFlow DELTA Pro provides 3.6kWh of battery storage and up to 1,600W solar charging capacity.
