We recommend that you use this kit with solar Panel Kit (The solar panel kit needs to be purchased separately), otherwise please confirm that you have an RTK reference station extension cable (10m) and an RTK reference station power supply adapter . Ideal for those seeking to optimize their RTK base station's satellite reception.

Any 12V solar panel plus battery combo should be able to power the RTK. It is just a GPS antenna and LoRa radio. It ships with a 12V 2A charger but if you were to measure the current, you'd probably see it at tens of miliamps most of the time with spikes maybe as high as 1A for a few ms while it is transmitting (only 84mW transmit power

Das Solarpanel-Modul, das die RTK-Referenzstation mit Strom versorgt, erm?glicht die Installation an jedem Aussenstandort im Gel?nde, ohne dass die Platzierung der Stromquelle und der Umgang mit Verl?ngerungskabeln ???
