APPLICATION SCENARIOS

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future.. We started our journey in 2009 with the main idea ??? to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Saris Brewery, part of Asahi Europe & International, has agreed to procure the entire output of a new 6.3-MWp solar farm to be built in eastern Slovakia by Vienna-based renewable energy company Enezy.

The project is being developed and currently owned by Slovenske elektrarne. The company has a stake of 100%. Slovenske elektrarne Vojany Solar PV Park is a ground-mounted solar project which is planned over 22 hectares. The project is expected to generate 19,000MWh of electricity. The solar power project consists of 31,000 modules. Development

The solar park in Eastern Slovakia will be built in the next six months on an area of 8.8 hectares. It will include 10 582 PV modules with an installed capacity of 6.3 MWp that will supply electricity to the Slovak power grid. The brewery will offtake the same amount of electricity from the grid as will be supplied by the solar park.
