Uadme Solar Powered Wind Mill Model, Desktop 3D Assembly Model Craft Children Wind Turbine Toy Solar Windmill Model for Early Education Toy Home Decor Ornament Windmill : Amazon .uk: Toys & Games

Sunny Bunny Solar Power Australian online retail company is specializing in providing toys and games like that. There is a massive assortment of solar toys includes a great collection of mini solar cars for kids of all ages and their families. These toy cars are powered by solar energy and do not require any extra sources of power, but direct sun.

These novelty items are small, self-powered trinkets that can hold a child's imagination with flashing lights and motorized wheels. They are typically small in size and have limited power since the solar cells are only a little larger than those found on calculators. Most of these toys come preassembled with a small rechargeable battery that cannot be removed.

Explore wind power, with this scale model of a wind turbine. Place the turbine near a windowsill and watch the turbine spin into action, as the solar panel catches solar energy from the sun. A great way to educate about solar and wind energy. Works even in reduced sunlight. About the kit : The kit is very easy to put
