

Will a solar power plant save money in Chad? The solar photovoltaic plant at Djermaya,30km north of N???Djamena,the capital,???will be the first utility-scale renewable energy project and will be the first privately owned,financed and managed power plant in Chad. It will generate significant savingsfor the country,??? Pacquement explains.

Does Chad have a solar plant? In Chad only 1 in 20 people have electricity. But the Central African country has lots of sun. A UK company is developing the first solar plantin one of the world???s poorest places. Robert Pacquement and the Djermaya Solar development team do not shy away from a challenge.

Can a UK company develop a solar plant in Chad? A UK company is developing the first solar plant in one of the world???s poorest places. Robert Pacquement and the Djermaya Solar development team do not shy away from a challenge. His Djermaya Solar development team has worked with Chad???s government for the past three years to support an ambitious solar project. It is vital work.

Why is electricity so important in Chad? It is vital work. Electricity is scarce, expensive and unreliablein Chad with the current energy system reliant on biomass fuels such as wood and animal dung. The one thing in which Chad is rich is the sun. ???This freely available, sustainable resource has a huge potential to transform the country???s energy sector.

What is Djermaya solar project? This project will construct an initial 34MWp solar PV plantin Djermaya,30km north of Chad???s capital,N???Djamena. Development of Djermaya Solar will be phased to gradually integrate renewable power into Chad???s national grid. The first 34MWp phase secured financing in 2021. Construction start is planned for 2022 and operations for 2023.

Who is investing in Djermaya solar? InfraCo Africa, a privately managed company backed by public funds from the UK, Switzerland and the Netherlands that???s part of the Private Infrastructure Development Group, will invest up to US\$3 million into Djermaya Solar and, through its developer Aldwych Africa, provide the resource and expertise needed to develop this pioneering project.
