and sell Sun King products across 45 countries.

SOLARKING TANZANIA

In 2009, Sun King sold its first solar-powered lamp. Today, Sun King is the world's leading off-grid solar energy company. Sun King's 3,000 employees and 26,000 field agents have served 120 million product users based in 65 countries around the world.

Countries like South Sudan, Burundi, Chad, Malawi, Burkina Faso, Madagascar and Tanzania are among the least electrified in the world and could benefit from clean energy technologies.

According to the Tanzania Rural Electrification Agency, the government plans to increase the rate of access to electricity for rural households to 50% by 2025 and 75% by 2033. "Given the size of the country and the dispersion of the population, off-grid energy is well placed to play an important role in providing rural people with access to
